

# ROMAN GANDLES 34.

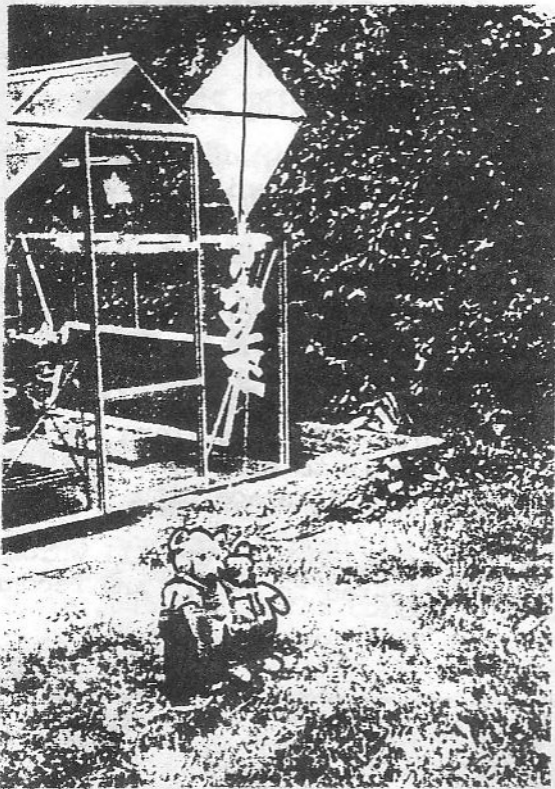

The Journal of the Bearly Made It Skydive Squad. The International Brother and Sisterhood of Parachuting Fauna and the U.K. Ted Devils. Mindless Drivel content exceeds 100%. Guaranteed 100% Politically Incorrect so there.

By the time you are dredging through this, the 34th load of mindless drivel, we will be at the back end of yet another season of Parachuting Mayhem, with official Winter Kip just around the corner,. Before the majority of the membership head off for Unquiet Slumbers, just a word of congratulation on yet another vintage season of doing what we all do best, namely putting egg on the Faces of the Humes, Bugging up Fests and Stunt Kite Displays and Terrorising the Po-Faced. Well done to all of you.

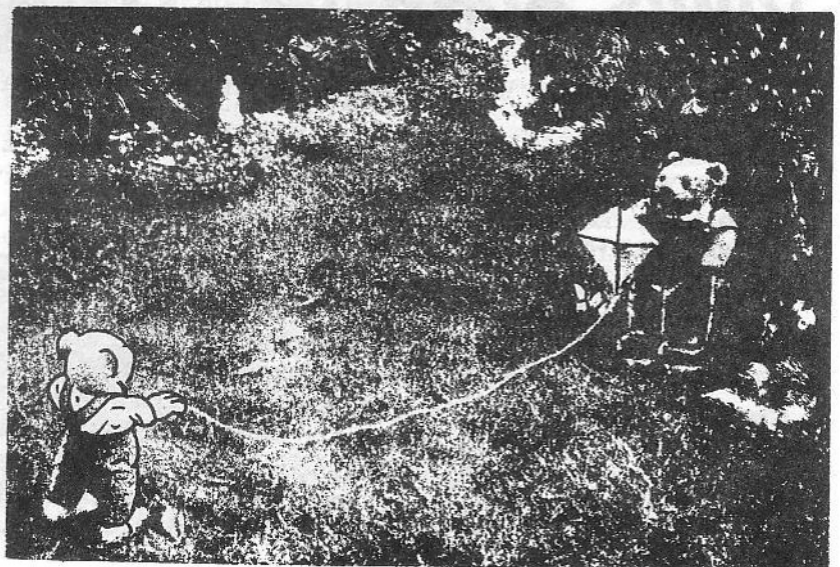

Fauna of the Year Trophy 1994. As in previous Years the Trophy was in the form of the small Pewter Tankard with a Ted on the Handle. As you are no doubt aware the Trophy is awarded by the B.O.F. to the member, who, in his opinion has done thier best to ruin the reputation of the BMISS as if it could be ruined any more than it is already. FOTY 94 was awarded to F.H.B., arguably the most notorious member of the B.K.F. Air Zoo. Fat Hairy Bar Steward is an Orang Utang with a drink problem, i.e. he cannot get enough. His Parachuting, though is unique. He does'nt wear his chute, he nonchalently hold the Pack in one Paw. F.H.B. would give the notorious Dave a run for his money in the booze stakes and is normally seen upside down in a Beer glass, though at Dieppe he went Whizzy om Vin Rouge so much though, that he was soaked with it, which led to a rush by the Boozy Humes to give F.H.B. the Kiss of Life. Amazing, is'nt it? how this rush was Won by El Presidente Sky Bums, Paul Morgan. Does'nt that tell you something ?

This season as ever, membership increased quite considerably, in fact so many new fauna have joined that we cannot keep track. Notable was Sixpack Hillman of the Loddon Valley Mob. Deciding to break his Duck at the Basingstoke Thrash, Sixpack was amazed to see what a state his Dropnik got into whilst witnessing the event. By the time Six P had done his Third drop, Dropnik Hillman was a quivering wreck who could hardly hold his Camcorder steady. Another new recruit of note is Juliet Bravo, a Panda belonging to Dropniks Jerry and Carolyn Swift who descends with a flashing Blue Light, loks good at night. Also mention must be made of a silly Friesian Cow, going by the name of B.S.E. tho' we've yet to see her jump.

BEARS TAKE UP KITEFLYING.....  
'BOUT TIME WE BOMBED SOME OF  
THOSE BARMY HUMES'.....

As usual the brain Dead BOF apologises to the kind person who sent these Pics of two radical Fauna who are in training for their ultimate ambition, which, needless to say is to Bomb some Humes ( Psst,heard theres plenty of Po-Faced out there who fancy getting a real life)

# "FROTH OFF THE BEER" NOW ON THE BACK BURNER?

34/2

**DAVE BEAR AWARDED DAMAGES OF £6 000 FOR FORCEFUL DISCRIMINATION AGAINST THE BEAR RACE ie BEING MADE TO DO A PARACHUTE JUMP WHILST UNDER THE INFLUENCE OF THE AMBER NECTAR..!**

**SUZIE AWARDED DAMAGES OF £30 000 FOR WRONGFUL DISMISSAL FROM BMISS FOLLOWING PREGNANCY..!**

Dropnik Arfur D. writing in another August Journal says that Speculative Headlines such as these (left) could soon be seen as the notorious Froth off the Beer affair continues to seeth, albeit now on the Back Burner for a while.

Fear not you Fans of the South Coast Slapper, the one and only Suzy Bear will never suffer the Ignominy of being drummed out of the BMISS.

Far from it, in fact the antics of this Doyen of Fauna Bombing and also that of the erstwhile Drunken Wally of Woodley have brought vast enjoyment to Dropniks around the World and as the saying goes, Let those without Sin cast the First Stone.

As of this moment, the F.O.T.B. affair is in the Nomadic Menage a Trois stage. this, as you are no doubt aware means that Biggles and Dave take turns, whilst Suzy puts it about a bit even moreso now as we've heard that shes been 'Sur le Continong' having her wicked way with these E.C. Bears. This appears to be true as Dave really was down and Suzyless at the Pompey Fest. By the way Dave, our Spies report that Suzy was with her Old Man in the BKF Cabana at the Dieppe Thrash, OOH, what stirrers, that'll wind the Drunken Bum up something rotten.

## UP THE POLE, 1047 TIMES.....

Not wishing to cast nastursiums or whatever, we'll report the Facts as they occurred. Sometime August 94 at a Non Kite event at Whipnade Zoo, Dropnik Don Newing of Mini Skydivers Fame dropped 1047 assorted fauna using the Pole Method. This was over a four day period and takes some doing when you are on your own.

For those of you not familiar with the Pole Method, a brief description here may help. A Telescopic Pole of whatever height you fancy, around 30 to 40ft or 10 or 12 Metres is a great height to a Kid, is set up and Guyed with one line. opposite this guy line a triangular set up is run up to a pulley at the top of the pole. attach a dropper and you are in business. The fauna supplied by the usual horde of anklebiters are dropped via loop-on already deployed Chutes and another variation is to drop Fauna on elastic so they Bungee Jump. The Pole Method is Ace for no-wind/limited space situations.

As Dons 1047 were not dropped from a Kite they Fall into BMISS Catagory III which is the Catch All Catagory (novelty) so BMISS"BMILOLKWKFR are pleased to Ratify and recognise a New World Record (Cat3) Nice one Don.

## KIWIS BUNG 151.....

And the next World Record, right in here please.....

On March 20th 1994 at the New Zealand Kite Fest at Wigram Air Base, Christchurch, N.Z. a new Catagory II (Dump) was posted when 151 Bears were Dumped on Chutes. At this time we have no other details than the above, hopefully as and when, we can do the bizzo and Ratify this New World Record.

Gordon Bennett, have the Yanks gorn Cannibal again? An advert (via Theodore Edward O'Bear) says FRESH TEDDY BEAR BREAD, SEEKS LOVING HOME..... Ye Gods, Each 2lb Loaf is hand baked to order from the finest naturel ingredients by Mama Bears Kitchen. Wait for it... Chose from two hearty or should that be heartless varieties. Grizzly (grisly) is a whole wheat with Honey and Molasses, and Honey is asweet apple and raison, Yuk, and wait for it, they ship second day Air and they only want 28 bucks a loaf.....

Yoo wot, 12 nicker or more even for a loaf of bread, sodding hell, it would be cheaper to eat the bleeding cake.....

## SOMME SURVIVOR HITS 4 GRAND.

Edwin, a tiny Ted who survived the Horror of the First World War, sold for an amazing £4,000 at Phillips Auctioneers on 20th Sept 94.

The 5inch Bear belonged to 2nd Lieutenant Percy Kynnersley-Baddeley who carried him from childhood until his death at the Battle of the Somme in July 1916.

Much loved Edwin, with one eye missing and wearing a tatty ribbon was found in his owners pocket and later returned to his widow. Much intrest was shown in Edwin at the Auction and after brisk bidding he was knocked down for Four thousand pounds, a fitting price for a Hero.

## LOST THE PLOT? FEED THE HORSE

AAARRGGHHHHH..... We're having trouble getting our head round this one. Coercion... Indemnity.. Gently, Gordon Bennett are they raving mad or wot. Are the Fauna of the Starving Equus going soft?

We cannot believe it, we always thought that they were as rough, tough and 'orrible as the rest of us.

Are they insinuating that we have to be out of our heads on barley pop before we go aloft to terrorise Humes?

Mind you, I suppose any fauna worth their salt would'nt mind a pawfull of readies, but at the BMISS H,Q. that would be a dead loss as the B.O.F. is skint.

### LOOK-OUT...it's "Da Bears"! Here's a furry friend just right for everyone on your Christmas list.

These guys have provided lots of fun for all of us here at the Guide. Everybody's got a different favorite...some go for Bobby Biker Bear, some for Freddy Fireman Bear, others for Petey Policeman Bear. When you put 'em together they make quite a group. (Kind of looks like my 20th-year Class Reunion. Except all these guys still have their hair, and there's not a bear belly in the bunch.) Each 16", honey-colored bear is made of acrylic fur and cotton that's non-allergenic, flame-retardant and meets all child safety standards. Their professional uniforms include shoes or boots, so they can stand on their own, plus the other accessories you see in the picture. All clothes are removable for washing. Petey Policeman Bear's holster is empty, for child safety. Imported. Hey...they're cute, cuddly and they'll never eat YOUR porridge. # CHILTERN KITE GROUP ANNOUNCEMENT

## DRUNKEN DAVE, SCHIZOID OR DOPPELGANGER?

We would wish to state publicly that the disgraceful David Bear featured recently in various articles has no involvement with the C.K.G. and must not be associated with the D Bear nurtured and conveyed by Mike and Ann long standing C.K.G. members.

It is of great concern that we see this David Bear, becoming notorious, talked of up and down the country belonging to an adjacent kite group not reputed for feeding their animals, (just look at the state of their mascot) we trust and require no connection be made with our D Bear.

We are content that the bear (David Bear) of questionable morals be associated with the W.H.K.F. we distance ourselves from this alleged dishonourable grizzly.

Our D Bear is a charming, fine upstanding bear of impeccable reputation and President of the Toody Fan Club, who is, frequently, to be found clasping a receptacle which may be mistaken for a beverage container, but is in fact, used to collect for the provision of destitute and fallen bears, and other charitable causes.

Our D Bear, who recently returned from a C.K.G. antipodean away day, and featured in a photograph in our last newsletter with C.K.G. founder members Hilda and Neville Pitfield who were nominated in our five yearly rota for overseas flying locations sensibly chosen and at home. We were delighted and pleased that four of our members were able to attend.

It was reported D bear's behaviour was a credit to bear-kind fitting and in keeping with an overseas ambassador of the C.K.G.

Hells Bells, when we saw this announcement by the Chiltern Kite Group we were Gobsmacked. Can it be that one of the Stars in the Froth off the Beer Affair is leading a double life?

How come the leading Lush of the BMISS can carry off an act of stone cold sobriety when on parade with the chiltern mob, yet display all the boozy traits that we know and love when hes mingling with the Starving Horse Kite Flyers and the Brighton Pissed as a Pudden Kite Flyers. How does he do it Stanley?

Is our Dave Schizoid? or does he employ a double? Maybe all this long term Boozing has led to a sort of Cloning situation and the Clone is the exact opposite of the original.

If this is what has happened then the implications are pretty serious especially if were to affect Humes The mind boggles at the thought of hordes of lookalike stone cold sober Kiters, think about it. Its ghastly, could you handle a seeming El Presidente Sky Bums refusing his normal crate of falling down liquid? OOOHH, its frightening, I dont like it.....

### IS THIS DAVE OR THE CLONE?
